

Best sangat kak.rindu pula nak mandi set mandi bunga tu.jadi sekarang mandi garam je lagi 😊

Memang betul pinggang yang sakit sangat dulu tu sampai tak boleh berdiri dah hilang. Lepas tu boleh rasa la angin dalam badan tu berkurangan sebab selepas berpantang je satu badan semua sakit. Rasa berat dan badan sangat lemah 😭 Tapi sangat sangat bersyukur dah try mandi bunga. Semua jadi ringan. Tak tau nak cakap apa tapi itulah yang terjadi..

TESTIMONY AURA NUR MANDI BUNGA

You
U neve tell me hows yr sister

She is fine, i can see good vibration on her. She is not well health wise, but very motivated and she decide things. I can see she bit extra positive. She speaks what she feels thats no changes. But somethings she like co operate with me. Give and take a lot. Extra patience. 18:22

Our bonding like kind of better. 18:22

My brother is very hard to say sorry. But i notice he sorry for being rude to me. Thats to emotional 18:23

Our siblings bonding is kind big changes dear 18:24

Family value is better 18:24

Thats the first thing i notice, of course we need money. But family comes first. Thats our sole property. No family money are pointless 18:25

After our 6 times mandi i notice our 3 siblings family bond lain sikit. 18:25

Testimony Set Mandi Bunga Aura Nur

Hi Sharon

Gd afternoon

Today was my day 6 or rather last day of my Aura Nur shower.

Overall was a good & refreshing feeling after the showers.

My skin is smelling good 😊 & best part is I am feeling more light & positive. I enjoy a better sleep now & less night mares 😊

I am more energetic & able to wake up early for my morning walks.

Overall I am happy with the product & have certainly helped me to feel much better.

I must admit that the service is top notch as my product was delayed by the courier service & received the in an unacceptable condition but was immediately replaced with a new set delivered personally to my door step within 2 days.

Thank you so much 🙏 ❤️ 🙏

Everyone should try it out.....

Never try

Never feel the change 😊

Thank You so much for your wonderful feedback, I'm really happy that Aura Nur Mandi Bunga has brought such immense changes. We will always do our very best and help spread the goodness 🙏

Testimony Set Mandi Bunga Aura Nur

Hai Nirmal and Founder.

I bought mandi bunga set from you and would like to give you my testimony.

The 1st day something was stopping me to take my bath but after I took my bath my head felt very heavy like a big stone was on my head and my body was not feeling well. My 2nd day was the same.

My 3rd day was the same.

My 4th day 5th day and 6th day was lesser a bit. After the 6th day I had a very sharp pain in my stomach and it lasted until I vomited.

The 7th day I vomited again. The pain in my stomach kept on coming for 4 days. The pain was like being stabbed with a sharp object. It was really very painful.

Since the bath I was burping all the time until I vomited. My body was aching with pain and no energy and also very tired.

Now I'm ok but tired and hoping for the best.

Tg Nirmal and Founder for your support

Hi madam..I wanted to share my feedback here... the flower bath ritual are the most amazing bathing ever. This is a huge hassle-free experience in my life ever. I'm glad to know you madam.. Thank you so much to bring this wonderful flower bath. God bless you forever and ever.. 🙏🙏🙏
